At Bindagraphics, we work to ensure every project we complete helps your business produce championship results. We know that every piece we create, large or small, has an impact on your business success. Whether your objectives are generating new sales or growing existing accounts, we take personal accountability for your goals and strive to be the most valuable player on your team. In this issue we'll share details on recent industry accolades and our slipcase offering.

We hope you enjoy this issue and welcome your feedback, contact Matt Anson, matt@bindagraphics.com

Best-of-Category - The Tradition Continues

Bindagraphics brought home some hardware from PGAMA's 2010 Excellence in Print competition, and first and foremost we'd like to thank our customers for making that possible. Our customers rely on our attention to quality and our extensive capabilities when planning critical projects. And aren't they all critical these days? Here's some detail on the awards we received from the Printing and Graphics Association MidAtlantic –

For more project specifics on the winning pieces, [click here.](#) >>

Printed Media finds a Cure

Cast and Cure (C2) is a decorative coating process that integrates "casting" and "curing" techniques to form a consistent high quality surface that can include ultra high gloss, matte and holographic finishes on a variety of substrates

project feature

Slipcases offer the ultimate protection for your books, binders, or showcase product

Slipcases are becoming a popular packaging choice for products where design and material quality are critical factors in closing the sale. Bindagraphics offers slipcase design and high-speed manufacturing capabilities to ensure your brand stands apart from the clutter in the marketplace.
